TECHNICAL DATA SHEET GRANDSTANDS

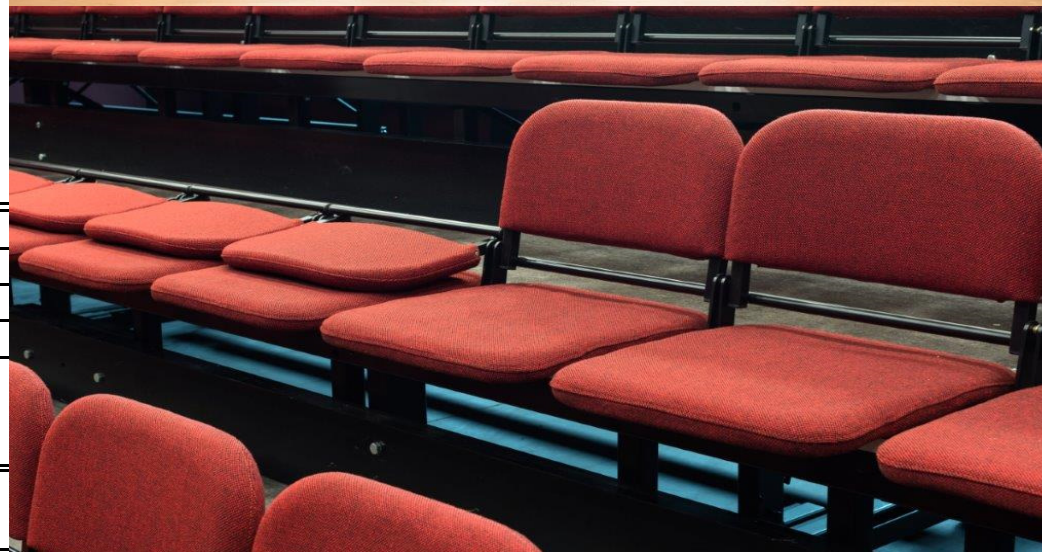

MOD. EXPO SR IMB SEATS

TECHNICAL DESCRIPTION

Injection moulded seat/backrest made with class 1 fireproof thermoplastic material in compliance with the law, covered with soft polyurethane foam padding and lined with fabric (fabric colour to be defined on the basis of the colour charts of PUGI.RG. - Trevi fabric).

Materials with class 1 self-extinguishing certification.
Installation: there are four fixing points positioned on the horizontal side metal part of the seats. Fixing, on cementitious agglomerate grandstands, is usually carried out with nylon expansion dowels (HILTI) with stainless steel screws and washer to spread the stress (dowels-screws-washers supplied separately).

DIMENSIONS	CM.
WIDTH	47
DEPTH	45
BACKREST HEIGHT	36

METAL FRAME FINISH: Painted Black

FABRIC COLOUR: to be defined based on the swatches of PUGI.RG. (Trevi fabric).
