TECHNICAL DATA SHEET CANTEEN FURNITURE

Code M243 Mod. EXPO LIGHT CHAIRS

TECHNICAL DESCRIPTION

The EXPO LIGHT chair, with its appealing design, was conceived and designed to be used in offices, conference halls, schools and every type of collective space.
Simple, comfortable, light and handy, easy-to-move design.
The metal frame makes them perfectly stackable, a considerable advantage to managing the room, making it possible to recover space and make it easier to clean the floors.
