TECHNICAL DATA SHEET POOL

MOD. AZ; GM 20; GR 25; AG 35; EA 30

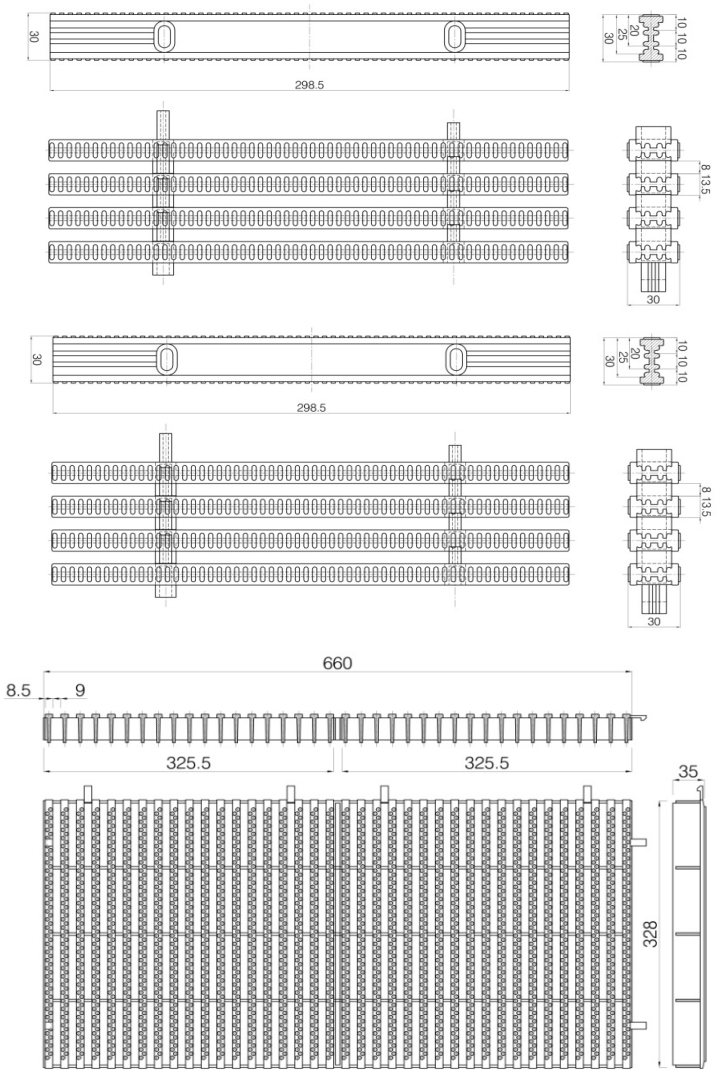

SWIMMING POOL STRAIGHT

DESCRIPTION

The straight gratings, ideal for linear canals, come in different models, with various configurations and sizes.
The gratings of the AZ line are composed of single-piece elements measuring 66 x 33 cm.
The gratings of the GM/20, GR/25, AG/35, EA/30 lines, on the other hand, are characterised by modular slats, more versatile and economic in case of maintenance.
